What kind of an idiot would start a hash in a parking lot the size of a postage stamp that's nowhere near anything, nearly impossible to find and surrounded by poison oak? Well, that is certainly a question that I would have been asking had I not hared a run in the same place only three weeks prior. Imitation may be the sincerest form of flattery but that was negated by Marquee's chalk talk warning to avoid my old flour because the only good thing about my trail was that it led back to the park. Pretty bold words for a wanker who only discovered that he was a hare the night before.

We left the park and headed directly into Franklin Canyon where I noticed several patches of bright green astroturf with fake bushes on the sides of the road and a large tanker truck sprinkling water all over the place. "Bunhuggers must have really went to a lot of trouble," I thought but then I was told by a police officer that it was all for a BMW commercial that they were shooting on the road ahead. He held us there for several wasted minutes, which none of us will ever get back, before finally letting us get back to the trail. The rest of the trail was almost all off pavement, and took us up and down several miles of pretty nice paths.

After the run, while I was collecting \$3 from returner Got Milk, she gave me an additional \$3 and said it was for Anal Beads. I told her that Pot Ho is the hasherdabary and I'm not even sure if she has any, but later found out that Anal Beads is the hash name of a visitor from Santa Barbara. Other returners included Cream Puff's brother Gaylen, Camel Toe Ho, Dick On A Stick, Dinged Up Dick, Ofeelya, Dr. Hole, Flouncer, Flipper, Hula Girl, Quick Change, Pollywood, Alex and Jasen. Other visitors included Double Entry, Auto Pilot, Karnal Knowledge and Natural Born Clit. There were several new boots including Patrick, Chris, Michelle, Sameer and Desiree. Ofeelya, Dr. Hole and Accidental Tourist each received a down-down for their birthday. Pillsbury Blowboy, Bent Penis and Penguin received a down-down for racing. No, that is not a misprint and your eyes are not deceiving you. I know it's hard to believe but it's true. Pillsbury Blowboy was racing.

The On-On-On was at Jerry's Famous Deli, where Ride Me and I stepped outside at 9:00 and 30 seconds to watch the international space station cross the sky over Mars per Dr. Mikey's instructions. Insert your own Mars Polar Lander joke here.

Cockedtoberfest - Saturday October 6th @ 3pm

Hares - Cock odial Done Me and Juggles His Balls

I had anticipated this day for months. Ever since our first decision to hold the event I had been dreaming of a 5 keg trail. Not only would it be 5 kegs but 5 kegs from some decent breweries! Alas that damn Oedipussy knocked me up and I had to suffer by laying a trail completely sober and worse watch everyone else get rolling drunk enjoying the fine beers personally chosen by myself. If you think this is whining just wait. I had my scribes all lined up too, but alas it would seem that they all came back with lame excuses of how they couldn't remember a whole lot about the day except that they had a great time. So hear I am with a bunch of quotes of what some hashers either said or recalled from the big day.

"I pissed on my passport" Heave Ho

"I'll scribe if someone can tell me how I got this head laceration and scabby knee. Also why did I wake up with a green feather up my ass?" Hogwash

"Are all your trails this long?" Visitor Duncan from Zimbabwe (whining bastard)

"Wow being a beer wench was great I got to see at least 3 sets of tits - now I know how it feels to be Dr Mikey." Retracted

"Don't try and trick me into eating that Vegemite shit - give me a Fosters!" Ben Herpees

"Do you always drink this much?" Visitor Little Miss Muffet from Scotland (yet another whining bastard)

"I swear I wasn't trying to kill him" 2 Bit Oar talking about her efforts of doing in Fucking Crazy at AC100

"I have a dream.... A dream so great.... We will rename Styke Byte - Dick Wipe." Reverend Cum Sucker

"akdfjit ahdk* fato home" last words heard cuming from Bent Penis as he drove up the green belt on Olympic Blvd. I would advise not to attempt this feat under any circumstances.

"Where's my hat, who gave me this money, anyone seen Bent Penis" Penguin

"I swear I didn't touch the hose it just sprang apart all by itself" New Boot Eddie after being caught wasting precious Fosters.

"No wonder it takes me a year to cum back to the hash - it takes me that long to recover" one of our many returner's Fuck a Duck

"Yar single aren't ya - like there's no guy down south or anythin right" worst pick up line heard. (Hint it was some limey bastard trying to hit on PokeCuntis)

"Blah, blah, blah, blah, blah, blah, blah, blah, blah, blah, blah,...." Passing Wind

"I lost a green feather. Anyone know where it went?" Ride Me

"I guessed all the beers at each beer check right! Beck's, Sierra Nevada, Kilt Lift Ale, Fosters and Newcastle!" Hula Girl

"Hey who drank all the good beer? All we have left is that pale ale stuff from Einstein's" Fungus (whining again! Some people can never be satisfied)

"Oh I remember a lot of stuff from that day. I know I was drunk" RTD

"Why does the Fosters keg say Molson's?" See More Buns (hey can we help it that you Yanks are too cheap to import the real McCoy from Australia and have the Canadians brew it for you instead).

"Hey we've found Bent Penis' long lost Dad" Styke Byte finding the only homeless Scottish guy in the history of California.

"Well we were going to take him for a bite to eat but he threw up so we just left him" Visitor Chum Sucker talking about the Scottish homeless guy.

"I know how to get Penguin to show us her tits! I'll give her a new hash shirt!" Visitor GBH from Cardiff. It was a nice try shame it didn't work.

"Put me down, you're hurting me" cries heard cuming from Chicken Little as he was being tossed around by drunk hashers. At least I can't be blamed for this effort this year.

"My circuit sister is here!" Circuitcision getting excited about meeting visitor Circuit Breaker from Cardiff.

"This isn't my wife" Cum Sucker when introduced to visitor Wet Willy. (Can't remember where this guy was from)

"Where's the food?" Whining by Bull and Shit. Can I help it that they didn't want to eat Vegemite sandwiches and that Pot Ho was so busy selling hash crap that she forgot she had the key to the munchies around her neck.

"I think I like this hashing stuff" new boot Raymond

"What do you mean you don't have this many kegs every week" new boot Angie "I thought you had it" "No you had it" "No you did" 4Nlay and Fish Lips arguing over who really dropped the 6 pack of beer. Don't worry only one beer broke and they both got a down down for alcohol abuse.

"Check out my new bra" Fistful of 50's wearing a bra that was meant to be a present for me (OK so I'm whining again). I did please the crowd by putting it on for all to check that it fit correctly.

"Wow Cock your tits have really gotten big lately" 6-9 Split (Thanks for noticing)

"I'm not wearing that Union Jack dress. Why do you always want to put me in a dress" Tool - severe case of whining. Can we help it he looks so great in a dress. Thanks Suck My Hooters for wearing it instead.

"They named me Hasn't Been Laid In" previously known as Shamir - Flippers friend.

"They didn't really change my name to 2 Chicks Sucking did they?" One Chick Watching

"I got the hashitt - again. I think I've now earned a Boy Scout badge" Richie Cum In Hand

"Really I did marry him." 3 Dog Flozzie discussing her recent M to Accidental Tourist. Sorry there were some doubters out there.

"Balls oot, cocks a-flashin' a drink o' this is better than hashin'. You lasses, dinna hae a fit, take a drink or show us your tits" Juggles quoting from the Scottish beer check.

"We'll have to visit LA more often" Back Door Whore and Faggety Andy visiting from the Long Beach hash.

"I can't believe the On On On put up with all those drunken hashers. What great food too." Ballwasher

"I haven't seen him in 2 days - you don't think he got Anthrax and died do you" quote from Retracted's neighbor after he didn't surface for several days post Cockedtoberfest.

Thanks to all who offered their somewhat vague recollections of the day's event. I'd like to congratulate you all on being able to consume all but ½ keg of Beck's and ½ keg of Pale Ale from the 7 kegs that were offered that day. This may have to become an anal event....On On Cock odial Done Me.

The Tex-Mex Intercourse Hash Fiesta is a Texas-size hash/party each Martin Luther King holiday weekend in the (relatively) warm weather of El Paso, Texas and Ciudad Juarez, Mexico. You can run as many as seven trails, and drink free-flowing quality beers and much more all weekend long, with cool gimmes and a high quality long-sleeve t-shirt plus *ALL MEALS* from Friday dinner through Monday breakfast.

A non-refundable \$20 deposit will hold a lower rate for you at that price and you can pay the balance any time up until the event. We'll also save you the cost of a rental car and handle all your ground transportation, plus we've negotiated the phenomenal rate of \$17 per night plus tax per room at our pleasant Hash Hotel, the fabulous Mesa Inn, where we they have just completed construction of an industrial size hot tub for us. That's not a typo: Seventeen bones a night. tax. Now, suppose two or three or four people split a room ... you do the math.

Thursday January 17th - 7pm - Pre-lewd for locals and early arrivers. A hash. And beer. And a hot tub. Cool. Just a little warm up for the main event.

**TEAM COUCH POTATO ADVENTURES US
RANDSBURG HS & DEATH VALLEY ROAD TRIP
FEB 1-3, 2002**

The Randsburg HS is on the road again to beautiful Death Valley. This is the best time of the year to see it, 40-60 degrees. Most jog the mostly downhill 30K, but a few do the full Marathon or sight see the Valley and take the Scotties Castle tour. The 30K is a great sight seeing jog starting about 4000 ft and going down thru scenic Tight-Ass Canyon to sea level the last 13 miles. Take a camera. Road trip caravan leaves Friday at 10:00 am sharp from the Harvey House (red roof) in Lenwood just before Barstow on Hwy 15 - you can see the restaurant on the right from the 15 near the factory outlet complex. Meet for breakfast at 9 AM if you leave L.A. by 7AM. Lunch in the old western town of Shoshone in the Crow Bar, then about 1 pm depart for Badwater (282 feet below sea level - vote to see who will be this years bad-ass of Badwater and sit bare ass on the sign). On up the road we sight see Artists Palette Dr., and then on to our rooms at the Furnace Creek Ranch. Make your room rez by calling (760) 786-2345 and say you want the Death Valley Marathon rate of \$93.00 at the Ranch (not the Inn) for Feb 1 & 2. Rooms go fast since this is the tourist season, and the rate will only be held til Jan 2nd. Check out their web site at <http://www.furnacecreekresort.com>. Camping also available. On Sunday, both road trippers and day trippers need to leave before 11am to arrive in Randsburg for the 2 PM Hash start or earlier for lunch. Meet at the White House Saloon and Floozie House - good chili and other lunch eatables. Hash starts in front of the Saloon at 2PM just after the group pix. The hash will wind around the hills past active and abandoned mines, desert trails and you might even see a Jackalope (cross between a Jack Rabbit and an Antelope). Don't leave Randsburg without a Black Hat at the general store for the road. Sign up asap for the marathon or 30K on line or contact See More Runs for an app. (626) 447-4565 work days, email: tomsmh@aol.com or EnviroSports (415) 868-1829, www.envirosports.com. Fill out their form and make sure you list the event as the Death Valley Badwater Marathon or 30K Feb 2 - there are others at earlier dates - fee is \$75 which includes shirt and has transportation between the run and the Furnace Creek Ranch. Limit is 300 so sign up before Nov. 1 when the price goes up to \$85 and may be full - no late sign up in Death Valley. We need some volunteers to run a beer aid station in the canyon. What the hell is Randsburg? check out <http://www.randsburg.com>. Day trippers might consider driving up saturday afternoon and staying at the Cottage Hotel - great bed and breakfast, jacuzzi, see the randsburg web site.

"Where The Jackalopes Play"

If you can't make the road trip to Death Valley with us, come on up to Randsburg Sunday - 2 hrs from L.A.
